

To whom it may concern:

I am the current owner of a Central Point business, and I am writing to recommend Dale Copley. I have known Dale for 10 years. He started as my first boss, at the time he owned several Quiznos. I have since worked with him after starting my first business he has been extremely helpful on a variety of marketing and employee issues.

During the time that I have known Dale I have seen him handle a variety of projects, whether it was dealing with new software development, building new businesses, or developing a team to accomplish company goals he has always excelled at everything he turns his attention to. Dale's talent in marketing and team building was instrumental in taking his stores to the top 10 percent of all Quiznos while he owned them.

Now as a business owner myself I find myself striving to do many of the same things I see him doing.

Dale's integrity and his ability to remain calm in stressful situations is just a couple of the things I admire most about Dale. He has always treated everyone fair in all the dealings I have seen.

I would recommend Dale to you without reservation. If you have any questions please feel free to contact me.
